D. Livermore Valley Education Foundation Fundraising Efforts

BACKGROUND:

The Livermore Valley Education Foundation (LVEF) is dedicated to restoring and enhancing academic and extracurricular programs within the Livermore Valley Joint Unified School District. LVEF was organized in 1991 by concerned parent volunteers when Livermore was faced with budget cuts that directly affected the education of our children. LVEF, established as a 501(c)3 non-profit foundation, directs donations to district programs that donors identify as vital to educational excellence.

STATUS:

LVEF works with teachers, students, and parents to determine where funding is most needed and then oversees the distribution on a district wide basis. Victoria Schellenberger, President, will share an overview of current fundraising efforts and upcoming events.

FISCAL IMPACT:

Unknown at this time.

TIME FACTOR:
